## Registration & Race Numbers

To collect pre purchased Race Numbers or purchase On The Day entries, please visit our team in the Registration Marquee from 10:00am.

Your race number will have a timing chip embedded into it and has a detachable wristband portion for parents. Race numbers will be blue for Minis and orange for Juniors.

### IMPORTANT: PARENT WRISTBANDS

Due to the layout of the Finish, parents cannot meet up with the children immediately at the Finish Line. Children will be guided through to the exit of the secure Finishers' Enclosure where they can wait to be collected.

Race numbers have a detachable matching wristband, please tear this off before they race and bring it with you when collecting your child.

If you are comfortable with your child making their own way back to meet you, do not detach the wristband. Children whose wristband is still attached to their race number will be allowed to leave the Finishers' Enclosure unaccompanied.

Please bring a race belt or safety pins to attach your race number to your front where it must be displayed on at all times during the event. Please do not fold, tear or deface your number in any way.

Please write emergency contact details and medical information on the back of the race number (and a large MC on the bottom left corner of the front) using a waterproof pen, this can save vital time in the event of your child requiring assistance.

## Meeting up after the Race

Family and friends can watch competitors run down the finish chute before heading towards the back of the Finishers Enclosure to meet up.

## Briefing & Rules

The rules are very simple: have fun and smile on your way round! There will be a short briefing just prior to the event starting, to make sure everyone knows where they are going and if there are any last-minute changes or safety points.

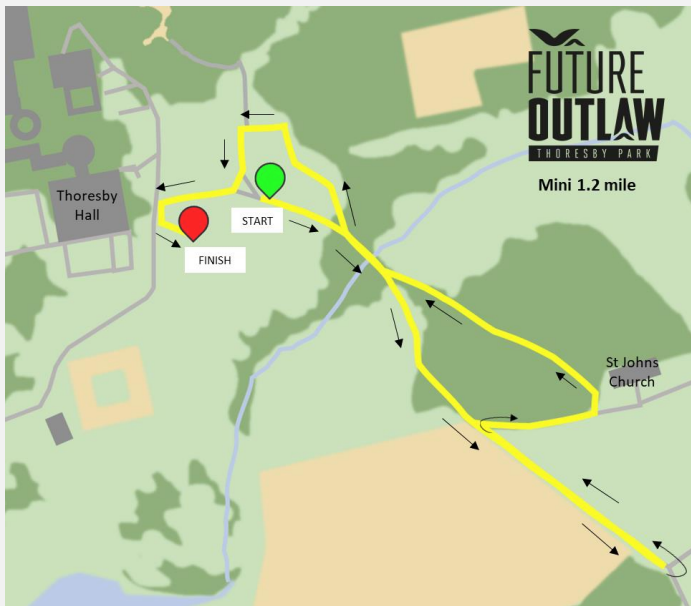

Wear clothes and shoes you feel comfortable running in, the ground should generally be firm underfoot, but some sections will be on uneven surfaces.

## The Route

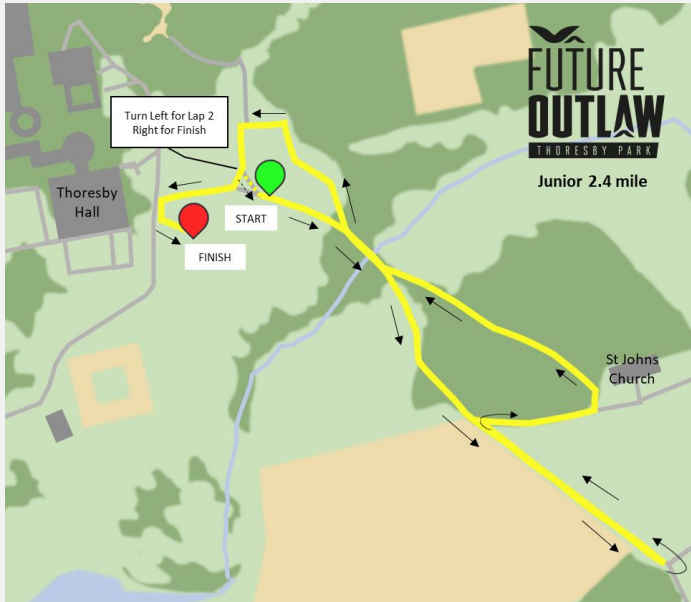

Both events begin near the event village and finish on the famous Outlaw orange carpet. **Participants will meet at the start line, listen out to the commentary team for directions of where to go. The Juniors will be briefed first before starting as one group. The Minis event will start a couple of minutes later.** The route will be signposted, and marshals will be available to direct you.

**Minis will complete one lap of the course, following a short out and back section before turning right to head through the woods (where the ground will be a little uneven) and looping around above the start line before heading towards the Finish chute.**

# RACE INFORMATION

Juniors will follow the same route but complete two laps before heading to the finish.

A drink station with Water will be available approximately halfway round the Junior Route, you are welcome to carry your own hydration to avoid using disposables. Please do not drop litter anywhere other than in designated bins.
